The current questions is, to whom and to what address should the forthcoming demand letter be sent to; the SJRWP project manager or to each Respondent, i.e., McGinnes Industrial Maintenance Corporation and International Paper Company.

The attached order does not identify a Project Manager. Have Respondents notified EPA (you or Val) in **writing of the name and title of the Respondents selected Project Manager?**

Paragraph 52 of the attached order only identifies, "Work performed under this Order shall be under the direction and supervision of qualified personnel. Within thirty (30) calendar days of the EFFECTIVE DATE of this Order, and before the Work outlined below begins.

**Respondents shall notify EPA in writing of the names, titles,** and qualifications of the personnel, including contractors, subcontractors' consultants and laboratories to be used in carrying out such Work.
